MY PROFILE

Hi there!
I'm Tawsif Rahman Shopnil, a Fullstack Software Developer with a strong focus on Flutter for mobile application development. My expertise in Backend Development and Database Design, coupled with my recent proficiency in Flutter, allows me to create functional and modern designs for mobile applications.
I hold SQL skill certifications from Hackerrank and LinkedIn.
In the realm of web development, my proficiency extends to React, Tailwind, and raw PHP. It's my skills in Flutter and these web technologies that truly distinguish me in the field.
This blend of web and mobile development skills makes me a versatile developer ready to take on diverse projects.
